Shri Rajiv Pratap Rudy
Hon'ble Minister of Skill Development
& Entrepreneurship, GOI

Summit-cum-Awards on

SKILLING INDIA

From Skills to Prosperity

Indian has gradually evolved as knowledge – based economy due to the abundance of capable and qualified human capital. It has immense opportunity to establish its distinctive footing in the world. However, there is a need to further develop and empower this human capital to ensure the country's competitiveness at the global platform. Despite the emphasis and importance given to education and training across various state and sectors, there is still a shortage of skilled manpower to address the mounting needs and demands of the economy.

With India transforming into one of the fastest growing economies, job creation and skill seem to be natural tools to ensure sustainable growth. The skill gap study by the NSDC during 2010-14 indicate that by 2022, over 109.7 million additional skilled manpower will be required across different sectors in India. In the last two years, the number of trained Indians grew by 36.8% to reach 10.4 million in FY16. Although the Government's interventions augur well for the cause of skills promotion, there is no getting away from the fact that a lot more work needs to be done for the skill gaps to be closed.

To discuss on current scenario on Skill Development and catalyze the initiative, ASSOCHAM is organizing “Summit-cum-Award on Skilling India: From Skill to Prosperity” on 9th August, 2017 at Hotel The Lalit, New Delhi.

Shri Rajiv Pratap Rudy, Hon'ble Minister of Skill Development And Entrepreneurship GOI, has kindly consented to be the “Chief Guest” in this summit.
