

Research and Content Intern at National Skills Network (NSN)

Are you curious and serious about the future of education, employability, skills, AI and the changing world of work?

National Skills Network – NSN is looking for motivated and research-oriented interns who are eager to learn, think critically and contribute meaningfully to content, research and knowledge-building initiatives in the skill education ecosystem. This internship is ideal for individuals who enjoy exploring ideas, analyzing trends, working with content and using AI tools thoughtfully to support research and communication.

Position: Research and Content Intern

Duration: 3 to 6 months

Location: Remote/Hybrid

Stipend: Performance-based stipend

Deadline to Apply:

Number of openings: 2

Perks:

Certificate

Letter of recommendation

Flexible work hours

As part of NSN, interns will contribute across research, content and knowledge support activities.

Key responsibilities include:

- Conduct thorough research on various topics related to education, skill development and policy
- Gather and analyze data from reliable sources to support content creation
- Assist in developing informative and engaging content for our website and social media platforms
- Collaborate with the content team to ensure the accuracy and relevance of information
- Learn to analyze, refine and adopt AI tools that supports the content
- Stay updated with the latest trends and developments in the skills sector

What you will gain:

- Hands-on exposure to the education, employability, and skill development ecosystem
- Experience working on research-driven and AI-assisted content workflows
- Opportunity to contribute to meaningful projects, discussions, and knowledge initiatives

Who can apply:

We are looking for interns who are:

- Students or recent graduates with a background in Journalism, Mass Communication, English, or related Humanities/Arts fields
- Strong research and analytical skills
- Excellent written and verbal communication skills

- Curious, observant, consistency and willing to learn continuously
- Comfortable exploring and adopting AI tools for research and content support
- Able to take initiative and work independently
- Passionate about skill development and education

Join us at NSN and contribute to shaping the future of employability in India!

About National Skills Network - NSN

Website: <https://nationalskillsnetwork.in/>

YouTube - <https://www.youtube.com/@NationalSkillsNetworkNSN>

National Skills Network (NSN) is a consulting organization based in Hyderabad, India.

For over a decade, NSN has contributed to India's education, skills and workforce development ecosystem in various ways. Working at the intersection of education and employability, NSN has played a key role in advocacy, research, knowledge management and support for policy implementation.

Building on this foundation, NSN partners with educational institutions, industry, governments and international organizations to strengthen capacity through applied learning, employability, human capability and future-ready workforce development.
